SHOT WIFE DEAD; TOOK OWN LIFE

Covered Wief's Eyes and Shot Her to Death.

THEN TURNS PISTOL ON HIMSELF

Hayes and Wife Were in Bed When Tragedy Was Enacted—Albany Is Greatly Stirred by the Bloody Act. Cause Is Known.

Albany, Ga., Sept. 4.—With their mother's cries for help still ringing in their ears, the children of G. Howard Hayes and wife, heard the two pistol shots which sent both of their parents into eternity, a few minutes before noon Sunday.

The double tragedy is one of the strangest that ever occurred in Albany, was enacted in a bed chamber of the Hayes home on north Washington street. When a physician reached the place, a few minutes later, Mrs. Hayes was dead, and her husband was gasping his last.

G. Howard Hayes was a saw mill operator, who spent every week at the B. Pope mill, some miles above Albany and the A. and N. railroad. He returned home each Saturday evening and remained with his family until Monday.

He came in as usual Saturday evening, and at the supper table appeared to be in the best of humor.

Sunday morning neither Hayes nor his wife appeared at the breakfast table, both taking the meal in their room. It was just before noon that Mrs. Hayes was heard to call for help. From her room there proceeded for an hour or more no response, then the voices were raised above a conversational tone and Mrs. Hayes called as if in terror: "Emmie, Rosa, Mr. White, come quick!"

Almost immediately a pistol shot rang out closely followed by another, and then a noise as if a body falling on the floor followed, after which a deep silence prevailed in the closed room. The parties called were the eldest daughter of the Hayes, J. S. White and Miss Rosa Clemens, who boarded with the family.

The door opening from the bedroom to the dining room was locked and when White, climbing into a window opening into the yard, he saw that the two shots had done their work only too well.

The body of Mrs. Hayes was still laying in the bed, while that of her husband's was on the floor at her side. Both were in their night clothes.

Miss Emmie Hayes, though White begged her not to go into the room, climbed through the window into the room in the midst of the most awful scene her eyes ever witnessed. She opened the door from the inside and gave directions for the immediate summons of a physicians.

Mrs. Hayes was shot just back of the left ear, apparently as she lay on the bed. Hayes probably held his left hand over her eyes as he fired the first shot, as the hand bore powder marks. He then placed the muzzle of the revolver behind his own ear and sent a bullet crashing through his brains.

The cause of the double tragedy is not revealed. Mrs. Hayes had been in bad health for some time and at times her mind appeared to be affected, but the occasional family quarrels were apparently not more serious in character than are to be expected between the average married couple.

Hayes left no note to explain his rash act. He drank occasionally, but was perfectly sober. He came to this state from New York a number of years ago. Mrs. Hayes was a Miss Viola Manning. There are three surviving children. A coroner's inquest threw no light on the case.

Because of ill-health, May Hock killed herself by inhaling illuminating gas.

Despondent because she had lost all her possessions in a fire, which destroyed her home, Mrs Christie Snyder, 32 years old, ended her life by inhaling illuminating gas.

Both of these suicides will also be buried in Albany.

WEEVILS RUIN GEORGIA COTTON

Lowndes County Farmers Are Greatly Alarmed.

Valdosta, Ga., Sept. 4.—The farmers of this county are considerably alarmed over the appearance in a number of fields here of a cotton pest similar to the Mexican boll weevil; in fact, some well informed farmers are satisfied that it is the Mexican weevil.

T. E. Goodwin, who lives just north of the city, brought a stalk of cotton to town, on which nearly every boll and square had been blighted by the pest. An examination disclosed that, without exception, every dead boll had been bored into by a worm or weevil of some kind, and several of the larger bolls were full of a small black weevil. The insect is about the size of the ordinary grain weevil, and looks very much like it.

The cotton bolls are attacked at any stage of their growth, most of them being killed before or just after the bloom has fallen off. The more mature bolls remain green for some time after being punctured, but are soon filled with weevils, which feed on the contents, and in a short while die.

In one field of cotton which Mr Goodwin expected to make six bales, he is now satisfied he will not make more than a bale, owing to the ravages of the weevil. Neighbors of his are suffering in a like manner.

Some of the weevils will be sent to the state entomologist for identification and his advice asked as to the best method to fight the pest.

GRESS DENIES WIFE'S CHARGES.

Says the Case Will Be Fought to a Finish.

Atlanta, Sept 4.—G. V. Gress, the well known Georgia lumberman, whose wife, Mrs. May Nelson Gress, recently brought suit for divorce against him on statutory grounds, has issued a card to the public in defense of himself and in denial or certain allegations made in Mrs. Gress' petition.

He mentions an offer of settlement which was made to Mrs. Gress, which, he states, she has repudiated, and says now that the case will be fought to a finish in Fulton superior court.

The case will come up for trial at the November term of Fulton superior court. Mrs. Gress' suit for injunction to prevent the checking out of $36,000, now deposited in the Fourth National bank, having been set for hearing on that date.

New Railroad for Covington.

Covington, Ga., Sept. 4.—A movement is on foot for the construction of a new line of railroad across the eastern section of Newton county, connecting Social Circle, on the Georgia railroad, with Mansfield on the Central of Georgia railroad, 11 miles east of Covington. The proposed line, which is about 10 miles in length, will take up the old Middle Georgia and Atlantic survey between these two points. Mansfield is a progressive town of about 800 people and has been built up within the last ten or twelve years. Social Circle is also a flourishing town, having an oil mill, cotton factory and other industrial enterprises in successful operation.

Six Prisoners Break Jail.

Terre Haute, Ind., Sept. 4.—Six prisoners have escaped from Sullivan jail by tunnelling through a wall. Among them was a prisoner who escaped from a jail in another county and was brought here for safekeeping. James Williams, a prisoner, remained in the jail, and tells the officers that he did not wish to accompany the fugitives. However, it is found that the hole in the wall was too small to permit him to pass through. All are accused of serious crimes.

Knife Thrust in His Heart.

Owensboro, Ky., Sept. 4.—After sticking a knife through Adolph Montgomery's heart, Charles Heim went to his home and was arrested a few minutes later while calmly playing solitaire. The bloody knife was found in the grate. The murder was over a crap game.

Moss Case Postponed.

Lyons, Ga., Sept. 4.—The criminal court has adjourned. The Moss case was postponed to a special term to be called in February.

SHAME OF ASSAULT GAUSED GIRL'S DEATH

Could Not Endure the Disgrace Brought Upon Her.

RAVISHER GETS FIVE YEARS

Pathetic Story of Daughter of Confederate Officer Who Was Criminally Assaulted in Philadelphia—She Took Dose of Poison.

Philadelphia, Pa., Sept. 4.—Unable to bear longer the shame brought upon her by a criminal assault, the daughter of a confederate, Colonel B. F. Leavell, 16-year-old Effie Leavell, died at the German hospital as the result of poison which she took with suicidal intent nearly three weeks ago. John Evans, the man who assaulted the girl is now serving a 5 year sentence for the crime.

The Leavells moved first to North Twentieth street, and then, pursued by poverty and the stigma of shame, to a modest little home in Harris place. Effie continued to work in a big department store on Market street during the day, and at night attended a business college. The shame of the affair preyed on her mind.

One night three weeks ago Mrs. Leavell went out with the two younger girls, Lulie and Annie. When she returned she was surprised not to see Effie down stairs. Lulie went up to Effie's bedroom, and the other sister calmly said:

"Tell mother to come to me at once." Mrs. Leavell went upstairs. "I have taken poison, mother," said the girl. "I couldn't stand it any longer."

An empty bottle of bichloride of mercury which had been in the house for many months confirmed the statement.

Colonel B. F. Leavell, her father, a wealthy orange planter, and a veteran of the civil war, had died three years before of heart disease, brought on by the loss of his fortune.

Louisiana Men Shot by Negroes.

Shreveport, La., Sept. 4.—In a duel with Coley and Dunk Howard, negroes, in the public road at Powhatan, La., Steve Hart, a merchant and farmer of that place, was fatally wounded and his brother, P. T. Hart, slightly wounded. One of the negroes received slight wounds. An insult offered to Mrs. Hart by Coley Howard some days ago led to the shooting. The negroes escaped, but are pursued by posses, who are determined on lynching the blacks if caught.

Prominent Mexican Dead.

Mexico City, Sept. 4.—Generaro Reigossa, a distinguished lawyer and statesman, is dead at the age of 59 years. He was often employed by the government in important treaty negotiations, and in 1890, went to London, England, where he negotiated a loan of six million pounds sterling. He was chosen president of the second Pan-American congress.

Mexican Bank Will Open.

Mexico City, Sept. 4.—The newly organized Bank of Commerce and Industry, with $10,000,000 capital, opened for business Monday. The directors include some of the strongest capitalists here, including Mexicans, Americans, Germans and Englishmen. Jas. Speyer, of New York, and H. Clay Pierce, are among the foreign members of the board.

Doll and An Apple.

Bedford, Ind., Sept. 4.—Bessie Parker, aged 6 years, a beautiful little girl, was drowned in a cistern at her home in five feet of water. Not showing up at dinner, a search was made for her, and at 2 o'clock the lid of an old cistern was found to be off. On the water's surface a doll and a half-eaten apple told the tale of her tragic death.

Soap Plant Destroyed.

Chicago, Sept. 4.—The plant of the Graham Bros. & Co.'s soap factory has been destroyed by fire, entailing a loss of $125,000. Covered by insurance.

LABOR WAS CROWNED KING

Most Magnificent Parade in History of Gate City.

Atlanta, Sept. 4.—The greatest day in the history of the workingmen of Atlanta dawned Monday morning and before the sun went down the Atlanta Federation of Trades was happier and prouder than it has ever been since its creation.

A holiday throughout the city it was. None of the members of the trades were at work—all were off for this national holiday.

For weeks and weeks members of the various committees have been industriously at work perfecting the exercises for the day and that the committees work was most excellent and satisfactory was evidenced by the parade.

The parade was one of the largest and most magnificent that Atlanta has ever experienced. Floats equally magnificent with the floats of the mardi gras towns were found in line, while the merchants of Atlanta vied with one another in presenting original creations.

The Federation's float represented a ship of state, and was one of the most magnificent Atlantans have seen on the streets of the Gate City since the days of the Mystic Owls. Upon that float the colony of little misses, each representing a local union, with Jerome Jones, Jr., representing the State Federation, all dressed in the costume of the sailor, having flags with the local they represented, painted thereon, went to carry out the idea of the Federation of Trades.

Promptly at 10 o'clock the procession started, and wended its way along the prominent streets.

After the parade the hosts of labor went to Ponce de Leon to be present at the exercises at the Casino, and witness the contests in field day sports.

Boy Tells Pathetic Story.

Decatur, Ala., Sept. 4.—A most peculiar and pathetic story of a kidnaped boy comes from Caddo, Lawrence county, some 25 miles west of this city. A boy who gave his name as Willie Beville went to the home of a Mrs. Teague, near Caddo, a few days ago and told her that he had been kidnaped from the home of his parents on Sand Mountain about four years ago by his uncle, whose name is Beville, and that this uncle abandoned him about three years ago. He is about 10 years of age, and is unable to read. The strange part of the story is that the boy says he does not know just where his mother lives or how to reach her by mail. Since his uncle abandoned him he has been living around from place to place.

Accept Finn's Resignation.

Nashville, Tenn., Sept. 4.—Manager Finn's resignation, effective upon the return of the Nashville baseball team has been accepted and the duties of the position will be discharged for the remainder of the season by either Miller or Wiseman. This announcement was made by a member of the syndicate which has just purchased a controlling interest in the club. F. E. Kuhn, a prominent merchant, is president of the new organization.

Town Was Threatened.

Williamston, Ky., Sept. 4.—Fire destroyed property valued at $13,000 at this place. Jenning's feed and fuel store was burned, the loss being $8,000. Riley's flour mill was destroyed also, at a loss estimated at $5,000. Desperate work by firemen was all that saved residences and business buildings in the town. The fire is believed to have been of incendiary origin.

Rope Aids Prisoners to Escape.

Frankfort, Ind., Sept. 4.—James Murphy, James Hammond, James Murray, Ed Shurtliff, William Spence and Charles Williams escaped jail by cutting the steel ceiling in a cell and then breaking a hole through the attic roof, lowering themselves to the ground with a rope made of their bed clothing. Murphy, Murray and Hammond are the supposed burglars with whom the local police officers had a running battle two months ago. Shurtliff is supposed to have been an accomplice. Their escape was not noticed until Deputy Sheriff Hazzard went to call them to breakfast. Sheriff Hazzard has offered a reward of $150 for their capture.

BEHEADED BY ORDER OF MIKADO OF JAPAN

Was the Beautiful Young Creole Who

HAD OFFENDED HIS MAJESTY.

Retired Army Officer Reveals for the First Time a Romantic Drama in Real Life—Had Been a Mystery for 30 Years.

New Orelans, La., Sept. 4.—That the only foreign woman ever beheaded by order of the Mikado of Japan was a native of Natchitoches, La., and a member of one of the most prominent Creole families of this state is the assertion of Captain J. E. Labatt, a retired officer, now at the St. Charles Hotel. He says that Marie Harriett Alphonsine Boster, a beautiful young woman, whose whereabouts have been a mystery to her family for more than 30 years, was the woman who suffered the fate referred to.

Captain Labatt is a native of this state and he is at present purchasing horses and mules for the United States army. His headquarters are in St Louis. He came here to meet Dr. Honore F. Laine, head of the commission appointed by the president of Cuba for the purchase of 2,000 head of horses for the Rural guards of that republic. He will leave shortly for St. Louis to assist Dr. Laine.

While the captain was in Tokio he met an American who had been there for nearly 30 years and who told him that some 29 years ago a beautiful woman had been beheaded in Japan by the order of the Mikado, who had never given his sanction to the execution of females. The records give her name as Maria H. Alphonsine Bosie, aged 27. Her husband was a military attache of the French embassy.

Her entertainments and her extravagance attracted even the Mikado and his court, and among her admirers was the prime minister. Her entertainments in the tea houses with the Geisha girls were commented on by both foreigners and natives. At last she insulted the Mikado in some manner because of her alleged relations with the prime minister. Some one told the Mikado that she spat in the face of his messengers. This so enraged the Mikado that he immediately sent a guard of 12 men to arrest her and the prime minister. She was taken to the rear end of the palace close to a stone wall, removed from the sacred ground and there beheaded. At the same time the prime minister was ordered to perform hari-kari within 10 feet of the spot where the countess suffered.

The woman's head was carefully wrapped up in Japanese oiled paper and sent to her husband. As she had become a French woman by her marriage, the Americans could do nothing and no complaint was made to this government.

Peonage Charges Face Lynch.

Gainesville, Fla., Sept. 4.—John P. Lynch, a prominent lumber manufacturer, has been arrested here by Deputy United Marshal Brundix on a charge of peonage, sworn out by an Italian laborer, who alleges that he and his four associates had been held in bondage by Lynch's managers, and not permitted to leave the place. Mr. Lynch was taken to Jacksonville, at which place he will be arraigned before the United States commission. Lynch was released on his own recognizance, and has retained former Congress man "Bob" Davis to defend him.

Georgian Faces Courtmartial.

Ft. Leavenworth, Kans., Sept. 4.—A courtmartial will sit here to try First Lieutenant J. A. Brockman, of the Seventeenth Infantry, a member of the infantry and cavalry school, and a native of Georgia. The war department has recently experienced difficulty in obtaining from army officers answers to official communications and those who have been dilatory have, it is said, been threatened with courtmartial. The case of First Lieutenant Brockman is the first case of this kind to be tried here.

EXAMINATION OF COUNTY TEACHERS

Began Tuesday Morning, and Will Continue Until Friday.

THIRTY-THREE ARE PRESENT

Attendance Most Encouraging, and Indications Are That Alachua County Will Have Abundant Supply of Teachers For the Coming Term.

The annual examination for county teachers began Tuesday morning at 8:30 o'clock in Seminary Hall, and will continue for four days. The examination covers first, second and third grade certificates, th certificates required for everything but a senior school, which demand State certificate.

The examination promises to prove quite successful. There are thirty-three teachers in attendance, representing every section of Florida, also the States of Kentucky and Virginia. The examinations were to be held under direction of County Superintendent Dr. J. L. Kelley, assisted by Miss Serena Shannon, but owing to the fact that Dr. Kelley was suddenly called away to North Carolina on account of the illness of his father, Prof. W. N. Sheats filled his place.

Superintendent Kelley, in speaking of the scarcity of desirable teachers, expressed his gratitude at the large number attending this examination. There is little doubt but that Alachua county schools will be well supplied before the time arrives for the opening of the various institutions.

WILL BUILD FINE HOME.

G. M. D. Bowers Will Soon Begin Erection of Magnificent Residence.

As was stated in The Sun a few weeks ago, Captain G. M. D. Bowers, who recently removed from Bartow to this city, has decided to erect a fine home on the lot at the corner of East Liberty and Factory streets, which he purchased a few weeks ago.

Captain Bowers is a retired merchant of Bartow, having been successfully engaged in business in the South Florida town for many years. On account of the residence here of his daughter, Mrs. B. R. Colson, together with the educational advantages offered for his children, he decided to make his future home here, and is going to prove a valuable citizen, as he is a Christian gentleman with a fine family.

It is learned that Captain Bowers will begin in a short time the erection of a home. As soon as the material can be delivered upon the ground he will put a force of carpenters to work, and within the next few months he will be occupying one of the prettiest and most modern homes in the State.

Gainesville needs and invites such citizens, as they are the kind who build up a town.

For the present the Bowers family is located on East Main street, N., No. 701.

A PET SKUNK.

E. Baird Wanted to Kill It, But His Heart Failed at Last Moment.

With rifle in hand and a whole pile of determination and courage, E. Baird went a-gunning for a skunk a day or two ago. Some person informed Mr. Baird that a skunk was in his barnyard, and, after thanking the informant, he immediately shouldered his trusty fire-piece and started in search of the intruder, with the full intention of putting Mr. Skunk out of business and sending him in the direction where all skunks go when they pass in their checks on this earth.

Mr. Baird found the skunk, and was in the act of fulfilling his intention. He leveled his gun and was looking for the sight, when he noted that the festive little animal was destined to be friendly. He lowered the piece, when the skunk, which was evidently a pet of someone in the neighborhood, played and pranced around his feet. It came within a rod and wagged its tail, as much as to say, "let us be friendly; I won't hurt you."

"I just could not kill that skunk," concluded Mr. Baird in his story. "It was so gentle and playful that it would take a heartless man to kill it, and I just let it go—but I would like to know whose skunk it was."

CHICKEN THIEF CAPTURED.

Has Been Annoying East Gainesville Residents For Several Weeks.

To Hon. Christopher Matheson belongs the credit of capturing O. Possum, a chicken thief who has been annoying the residents of East Gainesville in the vicinity of Sweetwater branch for many months, with the result that many fine fowl have met their death at his hands.

Col. Matheson is a great fancier of chickens, and has a number of choice fowl which he would not dispose of at any price. He has heard numerous complaints about the loss of chickens by his neighbors, and sympathized with them for two reasons. One reason was that he regretted the loss of his neighbors' property, and the other was that he had been losing his own chickens, so he decided to keep a watch.

Imagine his surprise a day or two ago when this chicken thief, Possum, had the nerve to come up to his fowl house and enter the same in the broad-open daytime, and at an hour when he should have known that the owner of the fowl was at home partaking of his noon-day meal.

Col. Matheson's attention was attracted by the alarming noise emanating from the fowl-house, and immediately proceeded to that spot. He observed Possum crouched closely in a corner, and immediately proceeded to place him in bondage. The offender offered no resistance, and was easily captured. He is yet in prison.

The residents of the immediate section who have suffered so much inconvenience from this chicken thief are thinking of giving a banquet in honor of the gentleman who had the nerve to capture him.

BIG REWARD FOR SELLARS' MURDERER

Twelve Hundred and Fifty Dollars Combined Rewards Offered.

COUNTY COMMISSIONERS ACT

In Addition to Rewards Offered by State and Relatives, the Commissioners Voted to Give $200, and Sheriff Individually $50.

In addition to the reward of five hundred dollars offered by Governor Broward in behalf of the State, and five hundred dollars offered by relatives of the murdered man, the Board of County Commissioners in session Tuesday offered an additional reward of two hundred dollars, and Sheriff Fennell an individual reward of fifty dollars, for the apprehension and conviction of the party or parties who murdered Special Agent W. C. Sellars of the Atlantic Coast Line at High Springs a few nights ago.

This murder is yet fresh in the minds of the people. It was one of the most brutal and cowardly crimes ever committed in the confines of the county, the victim having been shot down in cold blood while on duty as a watchman in the High Springs yards of the Atlantic Coast Line, after which the assassin escaped.

Sellars, who was formerly a member of the Tampa police force, had been sworn in as a special officer of the Atlantic Coast Line, and was assigned to duty at High Springs to investigate a systematic robbery of freight cars which had been going on in the railroad yards at that place for some time. He met his death the first night he was on duty.

This sad affair was deeply deplored by the people of High Springs, as well as others in every section of the county, and when the matter was brought before the commissioners Tuesday the reward of $200 was promptly offered, the action being unanimous. Sheriff Fennell feels also very indignant about the matter, and requested The Sun to announce that he will give $50 individually for the arrest and conviction of the guilty parties.

Chatham Won't Be at Macon.

Savannah, Ga., Sept. 4.—Chatham county will not be represented at the gubernatorial convention in Macon Tuesday, the delegates appointed by Colonel J. H. Estill, who carried this county, have decided not to attend the convention. A. B. Moore, who was to lead the delegation, made the announcement Saturday afternoon. There was nothing for the Estill delegation to do at the convention, Mr. Moore said, as everything was cut and dried, they had, therefore, decided to stay at home. The absence of the Savannah delegation means that Colonel Estill's name will not be presented to the convention.

ELKS AND OAK HALLS.

Interest Is Increasing Over the Coming Event Thursday Afternoon.

Interest is increasing over the ball contest which will occur Thursday afternoon between the teams of the Oak Halls and Elks, and considerable speculation is being indulged in as to which will be the winner.

Interest has grown to such massive pitch that the merchants and professional men are making "propositions" to the players as a matter of encouragement. Jas. F. Smith, the enterprising photographer, announces that he will give one dozen fine art folder carbons to the first man of either team who makes a home run. Mr. Smith will also give a half-dozen to the man making the first three-base hit, and six ordinary cabinet photos to the first man making a two-base hit. Mr. Smith is expecting some large plates, and if they arrive in time he will photograph the teams.

While there is nothing authentic, Manager McIlvaine requests The Sun to announce that the first man knocking the ball over the fence may go to Manasse's and get a pair of trousers. In the event this man lands the ball near the Seaboard Air Line track, he is good for a suit of clothes. Manager McIlvaine states that L. J. Burkhim promises a fine hat to the first man landing a ball over the fence.

The ladies are engaged in selling tickets, and are meeting with encouraging success, having sold a number yesterday.

The game will be called at 3:30 o'clock Thursday afternoon. The admission will be 25 and 15 cents, and the proceeds will be used in some charitable direction.

A Jolly Party.

A jolly party comprising W. W. Colson, J. D. Gardner, Mr and Mrs. W. P. Carter, daughters, Misses Louise and Lucille, and son Norvil, and N. R. Carter, visited Manager Callison of Spring Park Farm Sunday and spent a most enjoyable time.

Manager Callison, who is one of the most hospitable hosts the world has ever produced, takes great pride in entertaining his friends, and showed the party about the farm, explaining every detail with interest. The party returned to the city well pleased with the visit and the furture prospects of the farm which Mr. Callison has the distinction to manage.

McKinely Monument Trustees.

Canton, Ohio, Sept. 4.—Secretary Frederick K. Hartzell, of the McKinley National Memorial association has sent out a call for a meeting of the trustees, in this city Oct. 4. Vice President Fairbanks, Postmaster General Cortelyou and others are expected to be present.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

Blood Drawn at Holy Meet.

Lexington, Ky., Sept. 4.—Telephone messages from Wilmer say that in a fight at a holiness camp meeting, Mr. Richard Spalding insulted Miss Clara Corunman and was fatally stabbed by the girl's brother, Newton Corunman. Frank Coyle attempted to separate the combatants and was also fatally stabbed by Corunman. The clothing of Mr. Thom. Martin, who attempted to separate the men, was slashed by Corunman. Newton and Sherman Corunman were arrested.

Seaboard Parlor Cars.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville.

Mr. Earle Has the Axe.

J. H. Earle, who was the recipent of that $186 axe from his partner, M. B. Saunders, declared yesterday that he was well pleased with the gift, and that he would not take $200 spot cash for the treasure. Mr. Earle stated in the meantime, however, that Mr. Saunders had secured a pair of rubbers or overshoes for his $900 patent leathers, at a cost of something like $200. "Brother Saunders will be 'fixed' if he keeps on," good-naturedly remarked Mr. Earle, "but he can't have my axe back for any price. That axe belongs to me, and I have been sitting at a grind-stone all morning."

ROMAN ROSES.

They Are Beautiful and Abundant Because They Eat Meat.

"I have yet to see a rose equal to those grown in Rome," said the amateur horticulturist. "They bloom in the greatest abundance all through the winter, and they are as large and rich and velvety as American Beauties, living out of doors, climbing like ivy or honeysuckle over the crumbling marble walls of ruined temples, gleaming in crimson and green masses upon ancient columns, giving to the grimmest and saddest of mediaeval palazzos an air of gayety and youth.

"One day on the Via Sistina, as I passed the garden that had once been the garden of Lucullus, I saw an old man tending the superb roots that grow there. He was pouring on their roots a dark, rich looking fluid.

"'Why are the Roman roses so beautiful and abundant?' I said to the old man.

"'Because they eat meat,' he answered.

"'Eat meat? Nonsense,' said I.

"'Well, they drink meat—meat extract, which is the same thing,' said the old man. 'We Roman gardeners have for centuries watered our roses thrice a week with a strong decoction of fresh beef—a rich grade of beef tea. They are meat eaters. That is why the roses of Rome are as hardy and prolific as weeds and at the same time as richly, delicately beautiful and as sweetly perfumed as flowers grown under glass.'"—Chicago Chronicle.

Called Back.

A commercial traveler for a London firm secured an order for £1,000 in the west of England and, as it was not duly acknowledged, wrote a letter to the firm calling special attention to it and saying, "I thought you would consider such an order quite a feather in my cap."

In reply he received this note from his principal: "We have filed your order and inclose for your cap the one feather you require."

After a fortnight came another letter from the firm: "The people who gave you the £1,000 order have failed, and we lose the goods. We have this day sent to you a bagful of feathers for you to fly home with, as we do not want you out on the road for us any more."—Strand Magazine.

Food Value of Cheese.

It is said that one pound of cheese is equal in food value to more than two pounds of meat. It is very rich in proteids and fat. Considering this, it is low in price when compared with meat and ought to do good service to the poor man in replacing occasionally the regular diet of meat. In America cheese is looked upon more as a side dish and luxury than in some parts of Europe. The Swiss peasant depends on it as a staple second only to bread, while the use of it in England and Germany is extensive.

Wonder is the first cause of philosophy.—Aristotle.

If you never make any failures your success don't amount to much.

There are still 20,000,000 square miles of the earth's surface that have not been explored.

A lawn without a flower is like a home without a child. We are pleased to say there are few such lawns in Gainesville.

Everyone is interested in an item of local news. If you know of any local happening that is not generally known communicate the fact to this office.

Editor Caldwell of the Jasper News proposes to keep warm this winter without the use of fuel. He is preserving flies of The DeLand Mercury and Tallahassee Sun.

The Live Oak Democrat truthfully says that "in a community or commonwealth where everybody is at work there is very little crime." Moral: Enforce the vagrant law.

Many more towns die for want of confidence on the part of the business men and lack of public spirit, than from opposition of neighboring towns and adverse surroundings.

The people who complain most of the short-comings of the local paper are the very ones who do the least towards supporting it. And Gainesville is no exception to the rule.

When a stranger drops in town, jolly him. Tell him this is a great city—and so it is. Don't discourage him by speaking ill of your neighbors. Lead him to believe he has at last struck a place where good people live.

The man who has a wife and family and who refuses to take the home paper during the busy season because he hasn't time to read it has an extremely warped and selfish disposition and needs making over badly.

PREMIUM LISTS READY.

Premium lists of the great Florida State Fair, to be held at Tampa, November 14th to 29th, are now ready for distribution and hundreds are being daily sent out to prospective exhibitors in every section of the State. President Brown has spent months in re-arranging the lists, comparing them with those of the greatest State fairs of the country, and securing suggestions from hundreds of experienced Fair workers in all parts of the Union. As a result, it may be truthfully stated that the lists are more complete than any ever issued by a State Fair.

Particular attention has been given to every department—agricultural, horticultural, industrial, citrus fruit, educational, live stock, mineral, woman's work, children's department, etc., and no porducts or articles of any kind known to Florida are left out. The names of the judges in every department of exhibition will be announced fifteen days before the Fair, and none but the most experienced, capable and fair-minded judges will be allowed to officiate.

Surprising even to the most optimistic Fair workers is the number of counties that are making arrangements to participate and compete for the grand prizes offered. On Monday a total of twenty-four had reported, and several others are expected to line themselves up before the end of the present week. It is confidently expected that there will be represented at the Fair not less than ten more counties than were represented at the Georgia State Fair, the largest ever held in the South excepting the Florida State Fair of last year.

This large number of counties competing is due to several reasons among them being the great success achieved in conducting the Fair last year, assuring an even larger attendance of home-seekers this year; the fact that an excellent exhibit at the Fair assures Florida fine representation at the great Jamestown Exposition of 1907, and, last but by no means least, the fact that counties participating this year will have advantage in securing space at the great Panama Exposition to be held at Tampa, January, February and March, 1908.

Col. Bryan's advocacy of government ownership of the railroads is generally regretted by leading men of the South. They contend that such ownership would give the negroes equal rights with the white people and do away with the "Jim Crow" cars." Besides, it would be the means of establishing the greatest political machine in the world and perpetuate the political party in power at the time such government ownership became a reality.

Now that Pat Crow has taken up his residence in New York and threatens to break into Tammany the leaders of that organization are trembling in their boots for fear that they too, like the Republicans, will have to stand "Pat."

An exchange remarks that when words are spelled by sound school teachers will look for another job.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Work on Atlanta College.

Forsyth, Ga., Sept. 4.—The extensive improvements on the main building of Monroe college, which have been in progress during the summer vacation, are about completed, and by the opening day, Sept. 16, all will be finished. Work has been begun on the college system of waterworks, and it will be pushed to completion as rapidly as possible. This new system will give better and more fire protection than is now furnished by the city, whose system the college is using. The prospects are good for a larger enrollment on opening day than ever before.

SERMONETTES

Referring to that person who was the subject of your idle gossip—are you exactly sure he is your inferior? If not, keep still.

That's a strange but frequent piece of surgery that puts a man's wish-bone right where his back-bone ought to be.

There never was a fellow in the world that did not make mistakes, but he never made the big mistake of doing nothing.

NOT A NEGRO IN EVIDENCE.

Lily Whites Running the Republican Party in North Alabama.

Decatur, Ala., Sept. 4.—The Republicans of the eighth congressional district met here in a delegated convention and has nominated Dr. John T. Masterson, of Moulton, Lawrence county, for congress from this district. Jerrie Murphy, of Huntsville, was elected chairman of the congressional executive committee, and L. S. Sherrill, of Hartsell, was elected chairman of the committee.

Dr. Masterson was present and accepted the nomination in a short address. He said he would make a canvass of the district. For the first time in the history of the Republican party in Alabama, there was not a negro present at the convention. The county convention recently sat down on the negro, and he has come to realize that he is out of the Republican party in north Alabama.

May Come to Georgia Waters.

Atlanta, Ge., Sept. 4.—The battleship Georgia, the fastest in the world, with a speed of over 23 knots per hour, will, in all likelihood, be put into commission in Georgia waters. This is one of the reasons actuating Governor Terrell in making his trip east at this time. The governor will combine both business and pleasure on this trip. He and Mrs. Terrell will leave next Wednesday. He will stop over in Washington to urge Secretary of the Navy Charles J. Bonaparte, or, in his absence, whoever may be in charge, to grant this request. From there he will go to New York and thence to Lake George, to be the guest for a few days of George Foster Peabody at his summer home at that point. John S. Hyde, president of the Bath Iron Works, Bath, Me., the builders of the Georgia battleship, will very probably be present at the putting of the ship in commission, which, it is now believed, will be at Brunswick, Ga.

Intended for Mice.

Shelbyville, Ind., Sept. 4.—For the purpose of killing mice a domestic in the family of Fred Krebs put strychnine in some small pieces of meat and put them in different rooms of the house. Shortly afterward Alice, the 2-year-old daughter of Mr. Krebs, was found eating a piece of meat she had found on the floor. Thirty minutes later the child was dead.

Cracksmen Dynamited Safe.

Brookville, Ind., Sept. 4.—Cracksmen dynamited the safe in Alfred Blickledge's general store at Metamora. Although the explosion broke every window in the building, citizens of the village slumbered serenely on. Several hundred dollars in cash and valuable jewelry were taken. Bloodhounds have been placed on the trail of the robbers.

Father and Sons Arrested.

Leitchfield, Ky., Sept. 4.—Leslie Bozarth, a young farmer of Cross Roads, this county, was shot and fatally wounded by Henry Basham. Basham used a double-barreled shotgun. The shooting occurred in a general row. Basham and his two sons were arrested by Marshal Robert Bond, of Clarkesville, and gave bond.

Romance Versus Reality.

Cumback—What became of that pretty Miss Dreamer who used to declare she would never marry until a handsome knight rode into town on a fierce charger with a glittering sword by his side and claimed her for his own? Homer—Oh, after breaking into the spinster class she was married to a man who drove two chargers hitched to a milk wagon, and she did remarkably well at that.—Chicago News.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Woman Is Robbed.

Gallipolis, Ohio, Sept. 4.—Burglars entered the home of Miss Lillie Shober and stole diamond jewelry and cash amounting to over $150.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

"BLACK HAND" SHOWN MAN.

He Is Told that His Children Will Be Killed.

Wilmington, N. C., Sept. 3.—Wilmington has had its first touch of the "Black Hand," although some regard the incident as a joke. Still, if it was intended merely in jest, its intention miscarried, and woe be unto the party at fault if discovered by the postal authorities.

A well known young engineer of this city, Elisha Warren, a man of much property, received through the mail a letter demanding of him one hundred and twenty-five dollars and threatening death to his two children in case of his refusal. Dire results to him would be the outcome of his divulging the demand of the writer and the letter was signed "Black Hand" and decorated with ominous skull and cross-bones.

The letter was mailed the day before in this city and bore the postmark of that date. The demand called for the placing of the money specified in a large coal bin at a steamer's landing and stating that the spot would be marked by a red flag.

The receipt of the letter was kept as quiet as possible and Friday night, at the hour noted in the epistle, an effort was made to capture the writer. The money was placed at the spot, though the presence of a red flag was not noted, and detectives took up vigil at points of vantage. However, the quest was a useless one, as no one appeared on the scene other than the officers and the money was not touched.

The affair is now being investigated by postoffice detectives and if the writer of the leter can be found Uncle Sam will deal severely with him.

Will Auction Jewels.

San Francisco, Sept. 3.—The world-famous collection of precious stones and jewelry, the property of the late Mrs. Jane Stanford, valued at nearly $1,000,000, will be sold by the trustees of Leland Stanford, Jr., university as soon as possible. Those not sold will be put at auction in New York and London.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ALACHUA WILL GO TO STATE FAIR

County Commissioners Will Make Effort to Capture First Prize.

PASSED LIBERAL RESOLUTION

Board Will Appropriate Sufficient Sum to Defray Expenses of Fine Exhibit. Impressive Talk of Hon. Thos. J. Laud Brown.

"Resolved, That Alachua county participate in the Florida State Fair, to be held in Tampa in November, 1906, and that the Board of County Commissioners appropriate a sufficient sum to defray the expense of making an exhibit."

The above in substance is the resolution passed by the Board of County Commissioners in regular monthly session Tuesday, the vote upon same being unanimous.

In the morning session of the Board Hon. Thos. J. Laud Brown, president of the Florida State Fair Association, appeared before that body and made a short but impressive talk on the advantages of an exhibit at a State Fair. He told of the advantages possessed by Alachua county in agriculture, horticulture, live stock and minerals, to say nothing of minor things, and all that was necessary to demonstrate the superiority of this county to the world was to make a proper display where the world could see and appreciate these advantages.

There were a number of prominent citizens present who were interested in the State Fair and the securing of an exhibit, among whom were N. A. Callison, manager of Spring Park Farm, who generously assured the board that he would not only use his influence personally towards the success of the exhibit, but would permit his fine registered cattle to be listed with the county display.

At the afternoon session the resolution as above was passed. It is the intention of the county commissioners to have a fine display at the coming State Fair, but they need the assistance and co-operation of the citizens. If this is secured, there is little doubt but that Alachua county will capture the first prize.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

PARK WILL RETURN.

This Favorite Dramatic Company Will Begin Engagement Monday.

Readers of The Sun who love theatrical attractions will be glad at the information that the famous C. W. Park Dramatic Company will begin a week's engagement in this city, beginning Monday, the 10th inst.

The Park Show is the most popular that ever visited Gainesville for two reasons. One reason is the fact that every person connected with the show are refined and clever, and the productions are always interesting and clean. Mr. and Mrs. Park have many personal friends here, and their visit is always pleasant.

F. W. Weylman, advance agent of the show, is in the city, and made The Sun an agreeable call Tuesday.

RED OR GREEN.

Color Troubles of the Color Blind Poet, Whittier.

It is well known that the poet Whittier was color blind and unable to distinguish red from green. He once bought for himself a necktie which he supposed to be of a modest and suitable olive tint and wore it once. He never wore it again, for his friends soon made him aware that it offended against the traditional quietness of costume enjoined alike by the habits of the Friends and by his own taste. The tie was of flaming scarlet.

On another occasion, when he found a little girl in distress on account of a new gown, made over from her elder sister's, which was not becoming to her coloring and complexion, he tried to console her.

"I wouldn't mind what a rude boy says about it, Mary," he said kindly. "Thee looks very well indeed in it, like an oread, Mary, dressed all in green."

Unfortunately, Mary was not dressed in green. She was red haired, and her dress was red. That was the trouble.

Once, on a day in mid-March, when out walking with a Friend and deeply engaged in conversation, Mr. Whittier approached too near for safety to a place where blasting was going on. The danger signal was shown, but neither Friend noticed it until a workman, violently waving his arms and shouting, leaped before them and warned them back.

"I didn't see the flag at all," said Mr. Whittier's companion.

"I saw it," rejoined the poet, with a twinkle in his eye, "but I thought it was in honor of St. Patrick. Thee knows my defect. I can't tell Erin from explosions except by the harp!" —Youth's Companion.

Well Worth Trying.

W. H. Brown, the popular pension attorney of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for headache, constipation and billiousness. 25c. guaran teed at all drug stores.

Steel Company Increases Capital.

Montgomery, Ala., Sept. 4.—The directors of the Southern Steel company met at Gadsden, Ala., Saturday and increased the capital stock of their corporation from $16,000,000 to $25,000,000 by the issuance of $5,000,000 of common stock and $4,000,000 preferred stock.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

To Organize Spanish War Veterans.

Elberton, Ga., Sept. 4.—A camp of United Spanish War Veterans will be organized in Elberton. The veterans for 25 miles around will be invited to join. Captain W. P. Clark is a moving spirit in the matter and will doubtless head the company when organized.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.
